

Why RUSH?

If you believe that the union should withdraw their petition and avoid a vote next week, and give Darron and Florinda more time to continue to work with you directly:

You should feel free to call

NUHW organizer

Richard Draper at

(209) 277-0510

and ask him to do just that!

If enough of you decide after only 6 months that a union would be better, they can file a new petition and may not even need to get new cards signed.
